

OCTOBER 2022

QUEEN SQUARE DOCTORS

VOLUME 7

FLU SHOTS ARE IN!

The flu spreads easily from person to person, especially during the peak season from late Fall to early Spring!

Our office has started to administer the flu vaccine firstly to those at higher risk for flu-related complications. To see if and when you qualify for a flu vaccine at our office, please call us at 905-455-1455.

DID YOU ALSO KNOW?!

- You can get your bloodwork done in our office with a requisition from one of our Physicians. Please call our office to book an appointment!
- You can book an appointment with your physician using our online booking system!

Masks will continue to be mandatory in our office for both our staff and patients in order to protect us all. Thank you for your co-operation and understanding!

A message from our Accounts Department

Due to the increased amount of paperwork requested for our physicians to be completed by our patients, please anticipate a **minimum** wait time of 2 weeks. Please note this is an approximate wait time. The Accounts Team will contact the patient once the paperwork is completed.

REMINDER: As mentioned in the previous newsletter, a price increase for non-insured services became effective in August 2022
